“ *The lost of a child is the worst thing that can happen to a parent. After my son was delivered in the labor room it was extremely quite. No sound of a healthy baby crying...that's been 41yrs ago. Yet sometimes it seems as yesterday.. What has comfort me is this account of Jesus love for children and returning then to their parents after he resurrects them. (Luke 8:49-56) Yes this will happen worldwide ! To learn more, like I did, go to this site (jw.org). Take care dear ones...*
