

Antonio Guillen

June 13, 1951 - May 20, 2020

Antonio was not a man of many words. But even then, he was very loving and caring to EVERYONE! He has allowed so many people into his home and cared for them as his own. He took care of his family and others in the best ways he can. He worked hard for many years to provide for his family.

He was an amazing father to his children Jose and Valerie and an amazing partner to Julieta for 31yrs and to the friends of his children. He was also an uncle and brother. He was an even better GRANDPA to his grandson RJ. He will be missed dearly.
