“ *The 1st Niece came into my life, what a Treasure to spend many good times together. My life was busy but I had time to do things and teach at the same time. I'm the Aunt that give lectures if you want to hear it or not. Kareema loved me for that and appreciate every word. Just because we talked maybe twice a year on the phone, didn't mean the love wasn't there. Thank God for Social network we were able to see more of each other life style. My Niece happy face brought so much joy to my family. Enjoy your Eternal Life in Heaven\ud83d\udd4a*
