“ *Yo Jose, I still can't believe it, I find myself picking up my phone to call you than I snap into reality. Thank you for the good times, I'll remember and cherish them forever.....I thank you Lord for giving me such a wonderful friend, you knew how much I needed one & knew just who to send. A true friend who was always there with loyal helping hands. With a shoulder I could always lean on & a heart that understands. Bless my friend who was there willingly and always loved unconditionally. I Love and Miss You
