Julio Vazquez age 63 died on May 11, 2020. He was born in Azoges, Ecuador on March 5, 1957. He was a loving father and husband that came to into our lives in 2008. Ever since then he dedicated his life to work hard to provide a better life for his family. Julio prided himself on taking care of the woman he loved, Paula Gonzalez. His wife was everything to him and always made sure she was taken care of whether it be from romantic gestures or week long vacations. Julio was a very proud man who didn't mind showing off the things he worked hard for. One thing that Julio instilled in us is to always be honest and truthful.
