“ My deepest sympathy to my very best friend, Carla, and her family. I will always appreciate June's kind words and support she has given me over the years, and thankful that I was able to express that in person. Her words of encouragement and advice will never be forgotten, and I will share some of that with others during my journey.

“ So, so sorry for your loss, Carla and family. I hadn't seen your mom in person since Cameron was born, but I remember her visiting you in Texas often. She was always so active, and I never thought we wouldn't meet again... I know she's up in heaven playing golf on the finest bentgrass ever! Sincerest sympathies from Maisha & Thierry, and Tulani sends her condolences too.
