“ *Where the Spirit of the Lord is, there is liberty. II Cor. 3:17*

*Dear Kelvin,*

*It's hard to say goodbye to you therefore, I'm not going to. Instead, I will celebrate the gift of life and fullness of joy that you had and shared with us while you were here. Whenever I was around you or spoke to you on the phone, you would often say "I love you" with so much enthusiasm and cheer in your voice. I want you to know that it never failed to put a smile on my face. Thank you for that little but meaningful gesture that made you special to me. Although, I only knew you for very few years; one thing that I'm certain of is that you had a heart of love, care, cheerfulness and kindness. And though you are the twin brother of my sweetheart Keith, you embraced a uniqueness of genuineness and a spirit of modesty. Your smile, voice and presence will be deeply missed. And of course, the opportunity to get a good laugh at family dinners.*

*Our beloved brother, son, uncle and friend is living life in eternity... We are confident, yes, well pleased rather to be absent from the body and to be present with the Lord. II Cor. 5:8. Kelvin's soul is anchored in the Lord. Thank you Jesus.*

*This is the day the Lord has made; we will rejoice and be glad in it. Psalm 118:24*

*With deep sympathy,  
Toni (aka sister in law)*
