“ *I'm saddened to have loss my dear niece Kim. Kim always called me auntie and since her passing I've gone back and read through some of our text messages just to read a message from her starting hi auntie or hey auntie. During our conversations over the years, oftentimes we would end up talking about what we admired and respected about each other. I don't know how it started but I'm glad it did and I'm happy that I was able to share those things with Kim one last time before she passed. I was blessed to have had Kim in my life and I will miss her dearly. With all my love, auntie Mary*
