“ *I,m a longtime traveler via charter bus to Sands cSino who always sat together or in back of or across the isle from each other, where we both shared family,friends, and travel chatter with such vibrant hopes& aspirations. I Prayed for recovery,but the bus ride that we were together she declared her S.O.B and tiredness had become taxing. We hugged and shered our so longs.I really did love Linda ,and will forever hold unbelievable memories of her*
