“ Dear Big Brother, you left us at far too young of age, but you left behind an extensive impressive legacy. Great Father, Fiance, Son, Brother, Friend and Family Member. I only accomplished great things in my life because you and Rasu made me strong. I am so proud to have been able to call you my big brother, It's a big flex actually. Thank you for caring for our Mom and my Son how you did. Rasu and I got Mommy now, don't worry. Thank you for uplifting me and inspiring me. Thank you for always protecting me and coming through always with high vibrations. Thank you for my beautiful Pisces niece, Princess Lovlee. I will be in her life. I will tell her so many stories about you OMG. You were truly an earth angel and I'm so blessed you made it with God and received heavenly wings. You will live on for generations and generations! Love you until I'm DOA. Love your only biological sister. Tiana Aurelia Chenique 456
