“ *Remembrance in lifes passing is the truest form of love one can give, for a memory should never die and a love should live forever in the heart of another. You may be gone from my sight but you are never gone from my heart. Find peace my love and rest wherever you are. No more sadness and only will I carry joy in your memory. I love you Robyn Lee Henderson, you are a beautiful angel now. May your family and friends find peace in their heart.*
